Travelers must choose the least costly method of transportation that meets the traveler's schedule and business needs. The University reimburses travelers for actual expenses as long as they fall within the guidelines of the Travel policy.

**Business Mileage**

Business mileage is the travel an employee incurs **beyond** normal commute mileage (from home to the office and home again) on a normal workday. Employees may request reimbursement for any business mileage incurred.

The mileage rate includes gas, vehicle maintenance, insurance, and other personal vehicle related costs.
