Accounts Receivable (AR) Payment Transmittal Advice

This form is to be used for depositing checks that are to be applied to a Non-Sponsored Accounts Receivable item that has been recorded in the financial system or when depositing checks that contain payment for an AR item and payment for a non-AR item (i.e. split checks). If payment from customer is paying for both AR and non-AR items, indicate chart string information for the non-AR portion in the lower section of this form. Attach additional pages if you need to indicate more than three invoices or distribution lines

This form may also be used when a department receives a check that cannot be identified or is not meant for their area. Mail this form, the check and any supporting documentation via US mail to the bank lockbox address indicated above. A template for lockbox address labels can be found at: www.finsys.umn.edu/ar/arhome.html.
